To Whom it May Concern:
I have been working with Juliet Dunteman for nearly three years and I have found her to be a person of good character and a hard worker. She also has completed over 160 hours of art internship in the Visual Manna Media Program. She is an excellent art teacher and is very gifted in working with children. She has developed a unique style and is a very gifted muralist. She has completed murals for ministries and missions, businesses, and individuals. She exhibits ability to relate to and lead a wide variety of people. She represents herself professionally in a wide variety of situations. I would recommend her for any position involving teaching children or creating art work that is uplifting and encouraging. She did a large part of the mural at River of Refuge so much of the letter of recommendation involving it by Craig White is regarding her work. When presented with a job for a mural, she will finish it in a timely and excellent manner. I would heartily recommend her for any position involving these skills. She will do a good job.

To Whom It May Concern,

I would like to give this letter of recommendation for Miss Juliet Rose Dunteman. She was in our community for a week and she worked every day to create a beautiful artistic children’s space for one of our Sunday school classrooms.

We were introduced to Juliet through her art teacher, Ms. Sharon Jeffus. Sharon was teaching a week-long class at a local college and Juliet came along to help with the driving. We provided lodging and meals for Juliet for the week with one of the ladies in our church. In exchange for this arrangement, Juliet volunteered to help us with the development of this class room.

Our hope was to create an inviting space for children that reflected the mountainous region in which we are located. We are calling this room The Treehouse, and have incorporated other visual effects to make it feel as if the children have gone up into a space all their own.

The artwork Juliet did was simply amazing! One of the prominent local features nearby is Grandfather Mountain. We now have a beautiful representation of this mountain, along with other landscape features that give the kids the impression they are set high in a tree among the mountains.

I would recommend Juliet to any church looking to create an artistic visual space in their building. She was very responsive to our design ideas and made very helpful suggestions. She works quickly, and yet, is very conscientious about her work. She is very pleasant to be around and is very courteous and friendly.

We are so very impressed with her character and her natural artistic talent. We hope she has many other opportunities to use this gift for the Lord.

I hope you will consider Juliet as an excellent candidate to help with your artistic needs.

Sincerely,

Rev. George C. Wright, III

Dear Sharon, Julie, and Katie,

Thank you for the beautiful and inspirational murals you created for us here at City Union Mission. We have received many admiring comments from both guests and staff. We all appreciate you sharing your talents with the poor and homeless of Kansas City. May the Lord bless you for your giving hearts and talents.

Sincerely,

To Whom It May Concern:

I have personally known Sharon Jeffus for about a year and a half. Sharon was referred to me by one of our tenants here at River of Refuge. At the time we were searching for someone to assist us in the painting of a mural in our headquarters that would depict the story of our ministry.

Sharon and her students produced such a mural for us and the results are overwhelming. They spent time with us hearing our story, then converted our story into the mural. Everyone who sees the mural is taken back by its story and artistic interpretation. If someone is considering such a project, I would encourage them to come to our facility and see the work of Visual Manna Media.

I have the highest respect for Sharon and what she accomplishes with the young artists that she directs. Please feel free to contact me for more information on Sharon and Visual Manna Media.

Sincerely,

RIVER OF REFUGE
